- a) This is IMF's current best estimate of the claims recoverable amount (or remaining recoverable amount if there has been a partial recovery). It considers, where appropriate, the perceived capacity of the defendant to pay the amount claimed. It is not necessarily the same as the amount being claimed by IMF's client/s in the matter. It is also not the estimated return to IMF from the matter if it is successful. No estimated claim value has been included for any contingently funded matters until all conditions are fulfilled.
- b) The possible completion period is IMF's current best estimate of the period in which the case may be finalised. The case may finalise earlier or later than in this period.
- c) Cases which have settled subject to a condition or to Court approval remain in the portfolio at their original value until the condition is fulfilled or approval is given.
- d) No estimated claim value has been included for the Wivenhoe Dam case. IMF is continuing to assess the claim size of this case and is not yet in a position to confirm that funding is unconditional.
- e) IMF has moved the Lehman's case in the portfolio to a possible completion in FY2014. However, IMF refers to its announcements dated 15 April 2013, 7 May 2013, 22 May 2013, 18 June 2013 and 19 June 2013 with respect to whether income relating to this case will be included in FY2013, and, if so, to what extent.

2. IMF will continue to update the Portfolio on a quarterly basis.
